

Filimon Kiros

Backend Software Developer

☎ +251962608563 ✉ phillipos1212@gmail.com 📄 <https://gitlab.com/phillmonaDev05-gitlab>

Summary

A highly skilled and detail-oriented backend developer with strong expertise in Java and Spring Boot, focused on designing and developing scalable, secure, and high-performance RESTful APIs and backend services. Experienced in database design, DevOps practices, and collaborative software development in Agile environments.

*Proven hands-on experience in **electronic medical record (EMR) systems**, including deploying and customizing **Bahmni EMR** for hospitals. Proficient in integrating health systems using **FHIR (Fast Healthcare Interoperability Resources)** standards and **DHIS2 (District Health Information System 2)** for health data reporting and analytics. Demonstrates excellent problem-solving skills, adaptability, and a continuous learning mindset. Proficient in modern development tools and technologies including Docker, Git, MySQL, and Spring frameworks.*

Professional Experience

Backend Developer

Medco Technology Solutions
May 2020 – Present

Developed and maintained robust backend systems using Java Spring Boot for healthcare and insurance platforms.

backend development of key products including:

Electronic Prescription System

Fetal Insurance Platform

HealthConnect Interoperability Layer

Kenema Pharmacy Management System (KPMS)

Alert Pharmacy Management System

*· **Deployed and configured the Bahmni EMR system for Wukro Hospital and Bishoftu Hospital in 2020, tailoring the implementation to the specific clinical and administrative needs of each facility.***

Gained hands-on experience in hospital EMR deployments, configuration of Bahmni components (OpenMRS, OpenELIS, Odoo), and integration with local health systems.

Software Developer Intern

Medco Technology Solutions

Feb 2019 – April 2019

- Participated in designing, coding, and testing phases of Fetalp Insurance project.

Educational Qualification

Bachelor of Computer Engineering

Adigrat University

Sept 2015 – June 2021

CGPA: 3.7

Technical Skills

- **Languages:** Java, C, C++, PHP, Python, JavaScript
- **Frameworks:** Spring Boot, Spring MVC
- **Databases:** MySQL, SQLServer, SQLite, Postgres, MongoDB
- **Tools:** Git, Docker, AWS, JIRA, Azure DevOps
- **Experience:** Kanban and Scrum variants of Agile Environment
- **Skills:** Problem-solving, networking concepts
- **UI/UX:** Bootstrap, Material, DevExpress, Tailwind CSS

Accomplishments

Networking Device Configuration, Maintenance, and Troubleshooting (Internship)

Mekelle University - ICT Center

October 2019 – February 202

Educational Background

Bachelor of Science in Electrical and Computer Engineering (Computer Stream)

Adigrat University

2015 – 2021

CGPA: 3.7

Core courses: Computer architecture and organization, Object-oriented programming language (Java), Microcomputers and interfacing, Database systems, Data communication and computer network, Software engineering, Operating systems, Computer network security, Advanced computer network.

Preparatory School

Nigstesaba Preparatory School

2013 – 2015

Title of qualification Awarded: Ethiopian Higher Education Qualifications Exam Certificate.

Secondary School

Lidia Secondary School

2011 – 2013

Title of qualification Awarded: Ethiopian General Secondary Education Certificate.

Elementary School

Hahayle Elementary School

2004 – 2011

Projects

Final Project: Prevention of Car Accident Due to Drowsiness

February 2020 – June 2020

Mini Project: Design of Floor Cleaning Robot

Awards

- Awarded for excellent score and distinction in Ministry Qualification Examination and High School Leaving Exam.
- Multiple high-score awards in preparatory, high school, and elementary school.

Certificates

- Certificate for successful participation in the training for talented junior and secondary school students organized by Axum University (July 07 – August 11, 2014 and 2015).
- Certificate for the innovation of a car that moves with charge from the ICT, Science, and Technology of Enticho Preparatory.

Soft Skills

- Adaptability
- Teamwork
- Time Management, Problem Solving, Attention to detail, Multi-tasking, Motivation
- Effective Interpersonal Communication

Areas Of Interest

Web-based industry, mobile-based apps, Machine Learning, Artificial Intelligence.
