

FILIMON KIROS

BACKEND SOFTWARE DEVELOPER

Email: phillipos1212@gmail.com | Phone: +251962608563 | Location: Addis Ababa, Ethiopia
LinkedIn: [linkedin.com/in/filmon-kiros-a799252b0](https://www.linkedin.com/in/filmon-kiros-a799252b0) | GitHub: github.com/phillmona-dev | GitLab: gitlab.com/phillmonaDev05-gitlab

PROFESSIONAL SUMMARY

Highly skilled and detail-oriented Backend Software Developer with over 2 years of hands-on experience building enterprise-grade, scalable, and secure systems in the healthcare and insurance sectors. Specializes in Java, Spring Boot, and Microservices architecture. Proven expertise in healthcare interoperability standards (HL7 FHIR), digital payment integrations, and Odoo ERP customization. Adaptable developer with a strong track record of delivering impactful software solutions that serve millions of users across Ethiopia.

TECHNICAL SKILLS

Programming Languages:	Java, Python, JavaScript (ES6+), C, C++, PHP, SQL
Frameworks & Libraries:	Spring Boot, Spring MVC, Spring Security, Spring Cloud, React, Odoo ERP
Databases:	PostgreSQL, MySQL, SQL Server, MongoDB, SQLite
Tools & DevOps:	Docker, Git, AWS, Azure DevOps, JIRA, OpenAPI / Swagger
Interoperability & APIs:	HL7 FHIR, OpenFn Integration Platform, RESTful APIs, Webhooks, Chapa API

PROFESSIONAL EXPERIENCE

Backend Developer

Addis Ababa, Ethiopia

Medco Technology Solutions

May 2024 – Present

- Architected and maintained robust, secure, and high-performance RESTful APIs using **Java** and **Spring Boot** for enterprise healthcare and insurance platforms.
- Built the backend for the **FETAP (Foreign Employment Term Assurance Platform)** for Niyala Insurance, processing real-time insurance premiums, policy issuances, and claim workflows.
- Designed and implemented key services for the **Kenema Pharmacy Management System (KPMS)**, serving a multi-branch network of 54+ pharmacies across Ethiopia.
- Developed the **HealthConnect Interoperability Layer** to bridge healthcare provider systems with insurance carriers using FHIR and HL7 data exchange standards.

FILIMON KIROS

BACKEND SOFTWARE DEVELOPER | phillipos1212@gmail.com

PROFESSIONAL EXPERIENCE (CONTINUED)

- Deployed and customized the open-source **Bahmni EMR** system (OpenMRS, OpenELIS, and Odoo ERP components) for Bishoftu and Wukro hospitals, configuring them to hospital-specific clinical workflows.
- Integrated the **Chapa Digital Payment Gateway** into hospital EMR workflows at St. Peter Hospital, St. Paul Hospital (Millennium Medical College), and Adama General Hospital, streamlining patient payment processing.

Software Developer Intern

Medco Technology Solutions

Addis Ababa, Ethiopia

Feb 2019 – April 2019

- Participated in the design, development, and testing phases of the FetaIp Insurance project, utilizing Java and MySQL.
- Worked in an Agile development team, gaining experience in scrum ceremonies and version control workflows with Git.

EDUCATION

Bachelor of Science in Electrical and Computer Engineering (Computer Stream)

Adigrat University

Adigrat, Ethiopia

Sept 2015 – June 2021

Academic Standing: Cumulative GPA: 3.7 / 4.0 (Distinction/Excellent score)

Relevant Coursework: Object-Oriented Programming (Java), Database Systems, Software Engineering, Data Communication and Computer Networks, Operating Systems, Computer Network Security, Microcomputers and Interfacing.

KEY PROJECTS

- **CBHI Platform (Community-Based Health Insurance):** Developed scalable backend features for a platform managing 2.4M+ members for the Addis Ababa City Administration, optimizing enrollment and premium calculation pipelines.
- **Awash & Niyala Claims Management Systems:** Built integrations and automated claim processing pipelines using OpenFn, Spring Boot, and custom webhooks for efficient provider-payer claims settlement.
- **Prevention of Car Accident Due to Drowsiness (Final Project):** Developed a real-time computer vision system using Python and OpenCV that detects driver drowsiness and triggers an alarm system.
- **Design of Floor Cleaning Robot (Mini Project):** Conceptualized and developed an autonomous obstacle-avoiding floor cleaning robot prototype using microcontrollers and sensors.

CERTIFICATIONS & SOFT SKILLS

Certifications: Networking Device Configuration, Maintenance, and Troubleshooting (Mekelle University ICT Center) | Axum University Talent Program Certificate (2014 & 2015)

Soft Skills: Adaptability, Problem-Solving, Teamwork, Attention to Detail, Effective Interpersonal Communication, Time Management
